## MEMBER FOR MACQUARIE FIELDS

**The Hon. Sarah Mitchell MLC**  
**Minister for Education and Early Childhood Learning**  
Via email

26 May 2022

Dear Minister,

I write in relation to the 2022-23 Budget and draw your attention to the Macquarie Fields electorate's needs in the Education portfolio. It is crucial the following programs and projects in my electorate are funded in the upcoming budget:

- More support classes in local schools and extra Integration Funding Support to help local students in mainstream classes who have learning support needs;
- Planning and construction of a high school in Edmondson Park;
- Abandon plans to sell off the farm at Hurlstone Agricultural High School to greedy developers;
- A dedicated school bus service for students who live in Edmondson Park who are zoned to attend Denham Court Public School;
- Upgrades at schools where students are being taught in out-dated demountables, such as Macquarie Field High School, Macquarie Fields Public School, Glenfield Public School, Minto Public School, Ingleburn High School, Ingleburn Public School, St Andrews Public School, Kearns Public School, Robert Townson High School and Robert Townson Public School; and
- Air-conditioning in schools which have had applications rejected by the Liberal Government: Sarah Redfern High School, Macquarie Fields High School, Macquarie Fields Public School, James Meehan High School, Ingleburn High School, Hurlstone Agricultural High School, Robert Townson High School.

**Students who live in my electorate deserve the very best education possible, which includes necessary support services and environments that enhance learning and concentration.**

Families in south-west Sydney just want a fair go and I will always fight for my community's fair share.

I look forward to your advice on the matters raised above.

Yours sincerely,

A blue ink handwritten signature of Anoulack Chanthivong, consisting of a series of loops and a long horizontal stroke.

**Anoulack Chanthivong MP**  
**Member for Macquarie Fields**
