## JOIN MY CAMPAIGN FOR A SCHOOL IN EDMONDSON PARK

I know how frustrating it is for local residents to move into a growing suburb that is lacking the most basic infrastructure. That's why I've long been campaigning for more commuter parking, a Service NSW Centre and a new school in Edmondson Park.

I am determined to make sure Edmondson Park residents get their fair share.

**It has been more than a year since the Liberal Government put the planning process for a new school on hold.** Factoring in the average times it takes for projects to get approval and the construction period, the opening of a new school in Edmondson Park could be up to four years away.

This is simply not good enough. I share the frustration of local parents who just want to send their kids to a local school.

**I am launching a petition calling on the Liberal Government to fast-track the delivery of a school in Edmondson Park and include funding for construction in the coming Budget.**

Please return the enclosed petition via Reply Paid postage (no stamp required). Alternatively, you can visit my website [www.letsbackanoulack.com](http://www.letsbackanoulack.com) to complete the petition.

Edmondson Park desperately needs vital infrastructure and services to support a growing population. It is unacceptable the Liberal Government has collected millions of dollars in stamp duty, yet our community is forced to go begging.

Help me send a clear message to the Liberal Government: we will not be ignored any longer – build a school in Edmondson Park now!

Yours sincerely,

A handwritten signature in blue ink that reads 'Anoulack'.
